INTRODUCTION

The National Park Service (NPS) Statistical Office acknowledges the conscientious efforts of the field staff of the many areas of the National Park System. Without the effort of the park staff to count, record, and report the data summarized here, a statistical report of this quality would not be possible. These public use data are collected and analyzed monthly. A program of park counting procedure audits is conducted to ensure consistency and accuracy of data.

The gathering and publication of these statistics is in accordance with Public Law 88-29, "An Act to Promote the Coordination and Development of Effective Programs Relating to Outdoor Recreation" and related legislation. Definitions of terms in use here are given at the end of this report. The definitions are those initially outlined by "A Uniform Method for Measuring and Reporting Recreation Use on the Public Lands and Waters of the United States", unpublished guideline of the Recreation Advisory Council Study Committee Number Two, April, 1965.

In 1988 the following changes occurred: twelve areas were added as NPS units that did not report visits, Bluestone NSR, City of Rocks National Reserve, Charles Pinckney NHS, Gauley NRA, Hagerman Fossil Beds NM, Mississippi NRRA, Natchez NHP, Poverty Point NM, Samoa NP, San Francisco Maritime NHP, Timucuan EHP and Zuni-Cibola NHP; two areas moved from affiliated status, Steamtown NHS and Boston African American NHS; one area moved from administered to affiliated status, Ebey's Landing NHR; and four administered areas moved from non reporting to reporting status, Big South Fork NR, Jimmy Carter NHS, El Malpais NM and Kaloko-Honokohau NHP.

Additional footnotes are provided at the end of this report. The footnotes describe conditions at parks which may require important adjustments for certain applications of these data.

Timely, reliable, and useful information is fundamental to effective management and planning of the National Park System. This annual report is a general summary of visitation records for the year. Comments or requests for additional statistical information should be addressed to:

DEFINITIONS

AFFILIATED AREAS. Miscellaneous areas administrated in connection with the National Park System (NPS) which may utilize NPS assistance but which are neither federally owned nor directly administered by the NPS and do not report as NPS public use.

BACKCOUNTRY. One or more primitive or wilderness areas in a park reached primarily by hiking, boating, or horseback.

CAMPGROUND. An area of land designated and developed for use as a camp.

CLASSIFICATION. Areas administered by the NPS are known by several different designated names. A detailed description of each classification may be found in the publication, The National Parks: Index 1987.

CONCESSIONER. Private company or individual granted the privilege of providing facilities and services considered necessary by the NPS for accommodating visitors.

CONCESSIONER CAMPGROUND. An element of a concessioner operation involving services for overnight camping, land for camping, or equipment for camping.

CONCESSIONER LODGING. Overnight facilities such as hotels, motels, cabins, cottages, trailer villages, and trailer rental.

MISCELLANEOUS OVERNIGHT STAY. Any overnight stay not otherwise defined (sleeping aboard boats, camping in organized groups, and/or any other overnight stays not included in other categories of overnight stays, except inholders which are nonreportable).

MIXED AREA PARK: See definition of Urban Area Park.

NATIONAL PARK SERVICE (NPS). A Department of the Interior (DOI) agency which administers approximately two dozen types of federal land, nationally significant for their scenic, natural, scientific, historical, or archeological interest (see CLASSIFICATION). The agency was established as a Bureau of the DOI by Act of Congress, August 25, 1916. The NPS does not administer National Forests (United States Department of Agriculture/Forest Service), Wildlife Refuges (United States Department of Interior/Fish and Wildlife Service), or a variety of other lands available for public use.

NEGLIGIBLE TRANSIT. A brief, incidental entry into a park by passing traffic (vehicular or pedestrian) using NPS administered grounds, roads, or walkways. Such use is nonreportable (see NONRECREATION VISITS).

NONRECREATION VISITS. Reportable nonrecreation visits include visits by (a) persons going to and from inholdings; (b) through traffic; (c) trades-people with business in the park; (d) government personnel (other than Park Service employees) with business in the park.

NONREPORTABLE VISITS. Nonreportable visits are the entries into the park by NPS employees, their families, concessioner employees, members of cooperating associations, and NPS contractors. (See RECREATION VISITS).

OUTLYING AREA PARK. See definition of Urban Area Park.

OVERNIGHT STAY. One night within a park by a visitor.

RECREATION VEHICLE. Any enclosed vehicle used for camping which is more elaborate than a simple truck or car, such as pickup truck with camper body, pop-up tent trailer, travel trailer, bus, motor coach, mobile home, etc.

RECREATION VISITS. Entries of persons onto lands or waters administered by the NPS for recreation purposes (see TOTAL VISITS and NONRECREATION VISITS). Visits by service personnel as broadly defined below and by others as a necessary part of travel incidental to their employment (commuters) or residence (inholders) are not reportable as recreational visits. (See NONRECREATION VISITS).

REGION. A National Park Service administrative subdivision. NPS Regions include the following states:

Pacific Northwest - ID OR WA
Rocky Mountain - part of AZ CO MT ND SD UT WY

Same day reentries, negligible transits, and entries to detached portions of the same park on the same day are not counted as additional visits. Such adjustments are made insofar as practicable for noncontiguous parts of the same park. However, visits are reported separately for two contiguous parks.

VISITOR DAY. Twelve visitor hours in a park.
